Blas na hÉireann - The Irish Food Awards

the very best of Irish food & drink products
and the passionate people who make them”*

About Blas

Now in our 8th year, Blas na hEireann, The Irish Food Awards is the biggest competition for quality Irish produce on the island of Ireland. Last year over 2,000 Irish products were entered into the competition to win Gold, Silver and Bronze Awards in over 90 food and drink categories as well as key awards such as Supreme Champion and Best Artisan Producer.

A trusted accreditation and mark of Irish quality

Research has shown that the Blas accreditation has the highest recognition amongst Irish consumers and using the award logo on packs encourages shoppers to buy these products. It is their guarantee of a top quality Irish product.

Our Judges

Our judges come from a range of food backgrounds; they are chefs, restaurateurs, academics, journalists, authors, food champions, caterers and enthusiastic home cooks. Producers and retailers who have entered the competition are never involved in the judging process.

Finding the very best

Developed with UCC and the University of Copenhagen our judging process is now recognised as an industry 'gold' standard worldwide. Products entered are blind tasted and competition is extremely tough, and regardless of the number of entries there are only five finalists in each category.

Blind tasting means that all packaging and identifying features are removed from products before being presented for judging. This creates a level playing field for products from both large and small producers.

Our Winners

Inside you will find the details of our Gold, Silver and Bronze winners from the 2014 awards, listed by category and county. We hope that you will find something new and exciting for your customers.

Questions?

If you have any questions about our winners or would like more information about Blas na hEireann and how we can work with you, to find new suppliers, to promote the Blas winners you stock or indeed to find out more about point of sale material, just get in touch, we will be happy to help. *I was very proud to be involved with this year's awards and to be presented with the **Producers Champion Award** was so special.*

It totally re-instates my belief in the great artisan products we have here in Ireland.

*I was so impressed with how fair the judging process was and I can see why these are the **top food awards in Ireland**.*

Neven Maguire

Neven Maguire was awarded the inaugural 2014 Producers Champion Award following the results of Blas 2014 Producer Power Survey which asked our wide network of producers who had inspired them most.

"We relied on our passion and the experience gained in our wholesale business to move into the retail market with the opening of our bakery shop, initially in Castlebar and subsequently in Westport in 2014. It is an honour to have received the Blas na hEireann award and to be recognised for our innovation. This recognition validates our endeavours and also our customers belief in our quality produce."

“The Blas na hEireann awards are a huge opportunity for a small, ambitious company like Nüsli. Even just to be a finalist is a huge injection of credibility that otherwise would take years to achieve. Perhaps even more importantly just looking at the quality of all the food companies in the final is making us think about next year and how we can be better.

To win best new product as a brand new company, without any previous experience in the food sector, was incredible and we hope to use it to encourage people to try Nüsli for the first time - you couldn’t buy that opportunity!”

Dermot Hanley, Nüsli

Rory & Caitriona Flaherty (086 4105723)

"The 'Sense-Award', which has been the judging system used for the Blas na hEireann, Irish Food Awards for the past seven years, is a non-complex categorised scoring system which has proven to be a statistically valid method of judge scoring in terms of description, discrimination and ranking of product quality, as well as being user-friendly, fair, impartial, consumer relevant and transparent. The method was easily applied and effective in allowing judges to objectively assess all products using a single scale type questionnaire. The application of the 'Sense-Award' method at the Irish Food Awards has demonstrated that the appropriate application of sensory analysis can be highly successful in the objective discrimination of cross-category food and beverage product quality. It is wonderful to see how science and the Irish Food Awards have evolved over the years to become an entity that is unmatched anywhere else in the world, and that is uniquely Irish in both concept and practice."
