Your guide to the winners at
Blas na hÉireann - The Irish Food Awards

*“Recognising & rewarding
the very best of Irish food & drink products
and the passionate people who make them”*

www.irishfoodawards.com

About Blas

Now in our 9th year, Blas na hEireann, The Irish Food Awards is the biggest competition for quality Irish produce on the island of Ireland. Last year over 2,500 Irish products were entered into the competition to win Gold, Silver and Bronze Awards in over 120 food and drink categories as well as key awards such as Supreme Champion and Best Artisan Producer.

A trusted accreditation and mark of Irish quality

Research has shown that the Blas accreditation has the highest recognition amongst Irish consumers and using the award logo on packs encourages shoppers to buy these products. It is their guarantee of a top quality Irish product.

Our Judges

Our judges come from a range of food backgrounds; they are chefs, restaurateurs, academics, journalists, authors, food champions, caterers and enthusiastic home cooks. Retailers with a vested interest or producers who have entered the competition are never involved in the judging process.

Finding the very best

Developed with UCC and the University of Copenhagen our judging process is now recognised as an industry 'gold' standard worldwide. Products entered are blind tasted and competition is extremely tough, and regardless of the number of entries there are only five finalists in each category.

Blind tasting means that all packaging and identifying features are removed from products before being presented for judging. This creates a level playing field for products from both large and small producers.

Our Winners

Inside you will find the details of our Gold, Silver & Bronze winners listed by category and our finalists listed by county. We hope that you will find something new and exciting for your customers.

Questions?

If you have any questions about our winners or would like more information about Blas na hEireann and how we can work with you, to find new suppliers, to promote the Blas winners you stock or indeed to find out more about point of sale material, just get in touch, we will be happy to help.

Workshops & Master Classes

This year we were delighted to add to our programme of events with a series of masterclasses exclusively for finalist producers which included a Masterclass on Branding & Packaging with Greenhouse Creative, an in-depth discussion on What Buyers Want with a panel of experts on the field both at home and abroad and a chance to hear from some of Ireland's best chefs on what they are looking for when sourcing.

It is with great pleasure that we bring you this directory of the 2016 winners of Blas na hEireann, The Irish Food Awards. These represent the very best producers in Ireland who are creating outstanding food and drinks. We are very proud to support them.

This booklet also contains information about the way we judge, and the care that we take during the adjudicating process so that Blas na hEireann can create the a level playing field for all producers, both large and small. We hope that you will find this a useful guide for sourcing Irish products and that many of the producers listed within, will become your suppliers of tomorrow.

I would also like to say a big thank you to all of our sponsors, supporters and team for their help in making this happen.

"Truly Honoured"
John McKenna

"It is really significant for us after 30 years of writing about the people who make our great Irish food and drink. To receive something that has been voted for by them is really special."

"Every day when we sit down with the family, they ask who reared, who grew or who cooked this? We always buy Irish food. Ireland's food is produced by the people and we are delighted to get this award from those producers through Blas na hEireann" Sally McKenna

John & Sally McKenna were awarded the 2016 Producers Champion Award as voted for by producers when asked who they felt were working hard on behalf of Irish producers both at home and abroad

"The 'Sense-Award', which has been the judging system used for the Blas na hEireann, The Irish Food Awards for the past nine years, is a non-complex categorised scoring system which has proven to be a statistically valid method of judge scoring in terms of description, discrimination and ranking of product quality, as well as being user-friendly, fair, impartial, consumer relevant and transparent. The method was easily applied and effective in allowing judges to objectively assess all products using a single scale type questionnaire. The application of the 'Sense-Award' method at The Irish Food Awards has demonstrated that the appropriate application of sensory analysis can be highly successful in the objective discrimination of cross-category food and beverage product quality. It is wonderful to see how science and the The Irish Food Awards have evolved over the years to become an entity that is unmatched anywhere else in the world, and that is uniquely Irish in both concept and practice."
