Your guide to the winners & finalists at  
Blas na hÉireann - The Irish Food Awards

*“Recognising & rewarding  
the very best of Irish food & drink  
and the passionate people who make them”*

## About Blas

Now in our 12th year Blas na hÉireann continues to celebrate the very best of Irish food and drink. In 2019 the awards had over 2500 entries competing to take home Gold, Silver, Bronze and Finalist places. This year we continued to build upon opportunities for producers, with networking and educational events beginning to take place throughout the year, with more events planned for 2020.

### A trusted accreditation and mark of Irish quality

Research has shown that the Blas accreditation has the highest recognition amongst Irish consumers and using the award logo on packs encourages shoppers to buy these products. It is their guarantee of a top quality Irish product.

### Our Judges

Our judges come from a range of food backgrounds; they are chefs, restaurateurs, academics, journalists, authors, food champions, caterers and enthusiastic home cooks. Retailers with a vested interest or producers who have entered the competition are never involved in the judging process.

### Finding the very best

Developed with UCC and the University of Copenhagen our judging process is now recognised as an industry 'gold' standard worldwide. Products entered are blind tasted and competition is extremely tough, and regardless of the number of entries there are only five finalists in each category.

Blind tasting means that all packaging and identifying features are removed from products before being presented for judging. This creates a level playing field for products from both large and small producers.

### Our Winners & Finalists

Inside you will find the details of our Gold, Silver & Bronze winners listed by category and our finalists listed by county. We hope that you will find something new and exciting for your customers.

### A STORY FROM THE BEGINNING...

Producer story from the beginning.

*"Bank of Ireland are proud to be partnering with Blas for our third year and Bank of Ireland has always played an active role in supporting Irish food businesses. The energy and passion that producers in this sector have for the work they do and the wonderful local Irish products they create is something special we are proud to back.*

*These producers source many of their inputs locally, making a significant contribution to the rural economy in Ireland. Irish food is a huge part of all our local communities and the Blas na hÉireann awards to me are the All Ireland of Irish food."*

**Liam Sheedy**, Director of Munster Bank of Ireland

*"Bank of Ireland are delighted once again to support Blas na hÉireann Irish food awards. Blas provides Irish food producers with two very valuable opportunities. Firstly, the opportunity to meet with key purchasers from all relevant retail and food businesses across the Country and secondly, if recognised at the awards, the award itself testifies to the quality of the product, which will support future sales and also when seeking investment in their business.*

*The food and beverage sectors are a vital part of the Irish economy and Blas gives a great platform for producers to showcase their products.*

*At Bank of Ireland, we are committed to increasing our support for*

*this sector and have recently appointed Roisin O'Shea as our Head of Food and Beverage. Roisin joins us directly from the food industry and through the insights she provides, we will ensure our bank offering meets the needs of the sector. We also look forward to continuing to build on the relationships we are developing through our sponsorship of Blas na hÉireann and our business teams will reach out to all participating business over the coming months, to see how we can further support their business."*
